

wave_out.h

```
graph LR; wave_out_h[wave_out.h] --> stdio_h[stdio.h]; wave_out_h --> windows_h[windows.h];
```

A diagram illustrating the dependencies of the wave_out.h header file. A central black box labeled 'wave_out.h' has two blue arrows pointing to two separate white boxes. The top white box is labeled 'stdio.h' and the bottom white box is labeled 'windows.h'. This indicates that wave_out.h includes both stdio.h and windows.h.

stdio.h

windows.h
